

Lake County Automated Meter Reading Program

Water Meter Service Notice #1

The County has contracted with PROFESSIONAL METERS, INC. (PMI) to replace all County water meters. Every water customer will receive a new water meter at no cost. This project allows the County to be more efficient and provide improved water usage data to customers.

Your water meter must be replaced. In most cases the replacement can be completed within 30 minutes.

All County Water Customers need to have their water meter replaced.

PLEASE CALL PMI to schedule an appointment.
